

Comfortable, clear communication with a feature set unmatched by the competition¹.

The Logitech USB Headset H570e provides enterprise-quality audio and performance-focused features that deliver business quality throughout – all at an affordable price. Along with the human-centric design Logitech is known for, the H570e features inline controls, incoming call indicator, DSP, dynamic EQ, acoustic echo cancellation, wideband audio, and a noise-canceling microphone.

Add to that an adjustable headband and premium replaceable leatherette ear pads for added communications comfort, and it's easy to see that the H570e delivers a total feature set unmatched by competitive alternatives in the same price category¹.
